*Annual Directory Additional Categories

This is to be chosen if you want to be listed as anything other than your primary category. For instance, if you are listed as a General Contractor but you'd also like people to know that you do Welding and Fence Repair, you'd choose Welding and Fence Repair in order to be listed in those sections. **\$200 each additional category.**If you're not sure what your primary category is, look at your membership data from the National office.

*Annual Directory Bold Listings

This is to be chosen if you want to bold your primary listing and/or additional categories (if you've selected such above). **\$200 each bold listing.**
